

Disney Trip Questions and Responses

1. What is the Payment Schedule for Chaperones?
Please see the 2017 Milestone dates document
2. Is there a pre-arranged cost for additional family members?

DISNEY TICKETS

Typically, Disney will offer Disney Park Tickets at the Band Student Discount!
We are in the process of confirming this now.

HOTEL

Our plan if possible and we can with the hotel, is to extend the group rate we negotiate to families that wish to stay at the same hotel.

TRANSPORTATION

At this time, the budget we are using (120 students, staff and chaperones) does not completely fill the three planned buses. We would love to fill this buses as this will help to lower the overall costs for everyone. The cost is \$160 per person.

3. What is the transportation for chaperones?
The plan is to have all chaperones on the bus and the accompanying equipment truck.
4. What will the non-marchers be doing during the Wind Ensemble performance?
Students who are not in the Wind Ensemble will be accompanied by chaperones and be part of the enthusiastic crowd cheering on the Wind Ensemble!

Students who are not in Marching Band will be part of the enthusiastic crowd cheering on the Wind Ensemble! If a student is in neither programs they can certainly go on the trip.

5. What is the responsibility for the chaperones?
We will be sending out Duties and Responsibilities specific to the Disney Trip as we confirm the group size.

6. If we do not get 100 students, what happens?

We are confident that we will have a minimum of 100 students. However the financial feasibility of the trip becomes more challenging below that number for this type of trip to be funded.

7. Can we adjust the payment schedule and pay more up front? Yes!

8. If you have more chaperones that we need, how will that be handled?

Those parents that cannot be chaperones are welcome to join the group in Orlando; however, all band students are expected to adhere to the schedule in the itinerary unless previous permission is granted by the director.

9. If you are not selected as chaperone how should arrangements be made?

Those that are accompanying the band group will have to plan out their transportation if they do not choose to ride on the buses or if we no longer have room on the buses

10. Did we get approval from the county?

Not yet. The required documentation and process is being followed, and you will be notified (happily) when we get approval.

11. How do I get more answers to my questions?

We will have an informational meeting in early October that should help a great deal. We are also in the process of setting up a google document so that people can post questions and all can see the responses.
